GENESIS

INTRODUCTION

The name Genesis means "origin." The book tells about the creation of the universe, the origin of human beings, the beginning of sin and suffering in the world, and about God's way of dealing with people. Genesis can be divided into two main parts:

1) Chapters 1-11. The creation of the world and the early history of the human race. Here are the accounts of Adam and Eve, Cain and Abel, Noah and the flood, and the Tower of Babylon.

2) Chapters 12-50. The history of the early ancestors of the Israelites. The first is Abraham, who was notable for his faith and his obedience to God. Then follow the stories of his son Isaac, and grandson Jacob (also called Israel), and of Jacob's twelve sons, the founders of the twelve tribes of Israel. Special attention is given to one of the sons, Joseph, and the events that brought Jacob and his other sons with their families to live in Egypt.

While this book tells stories about people, it is first and foremost an account of what God has done. It begins with the affirmation that God created the universe, and it ends with a promise that God will continue to show his concern for his people. Throughout the book the main character is God, who judges and punishes those who do wrong, leads and helps his people, and shapes their history. This ancient book was written to record the story of a people who first met God.

During the annual business meeting reports were presented by the treasurer, Mrs. Marsden, and by the secretary; both reports were encouraging, and urged the members to put forth, during the coming year, even greater effort to advance the work of the league. The following officers were elected for the ensuing year: President, Miss Kathleen E. Hurty; Vice President, Clinton E. Achorn, D.O.; Recording Secretary, May Secor; Corresponding Secretary, Mr. Nicholas A. Weiss; Treasurer, Mrs. William R. Marsden

Next Meeting of League

Miss Secor's report is very interesting and encouraging. Much benefit and helpful suggestions are received from these meetings, and the officers do their utmost to make the meetings pleasant.

The March meeting falls on the 11th, and we invite everybody to turn out, to make it the usual success.

The Question Mark

Salt Lake City, Utah.

QUESTION—Am forty-nine years of age and have had to wear glasses for five years, due to gradual weakening of the eyes. Is this curable? S. J.

Answer—Old age sight is curable, and you can discard your glasses by following the methods as outlined in the book, "Perfect Sight Without Glasses."

Chicago, Ill.

QUESTION—My father, eighty-three years old, has cataracts on both eyes. Can you help him? E. C. V.

Answer—Without personal supervision, cataracts are very hard to cure. Would advise his coming to New York. I can cure him. In the meantime, read the chapters on Cataract in my book and he will get a great deal of relief.

New York City.

QUESTION—Why are books for small children printed in large type? P. E. S.

Answer—Because Boards of Education have not yet learned that it is a strain for anyone to look at big print and a relaxation to read fine print.

San Francisco, Cal.

QUESTION—I cannot gaze into the sun without discomfort. Do I do it incorrectly? K. Johnson.

Answer—Read Chapter XVII in the book. Do not gaze into the sun but at each side of it alternately. In this way you not only swing it, but allow the rays to shine on the eyes. This is a great benefit.

New York City.

QUESTION—Am practicing the methods in your book to cure myopia and astigmatism. Sometimes, for short periods, I see perfectly, then things fade away. Can you explain this? M. E. S.

Answer—This is what we call getting flashes of perfect sight. With continued practice these flashes will come more frequently and eventually will become permanent. Then you are cured.

Have You a Bible?

You all know fine print is beneficial.

Do you practice reading it?

Doctor Bates has proven that by reading a few lines of very fine print daily you are giving your eyes the relaxing "exercise" that will tend to prevent many common defects.

We publish a Bible that is printed in microscopic type, and measures one by one and a half inches and contains the new and old Testament.

Many patients past fifty have learned to read this with ease.

Price \$4.00

Snellen Test Cards

THERE should be a Snellen test card in every family and in every school classroom. When properly used it always improves the sight even when sight is already normal. Children or adults with errors of refraction, if they have never worn glasses, are cured simply by reading every day the smallest letters they can see at a distance of ten, fifteen, or twenty feet.
